Technology to drive Efficiency & Productivity

We will focus on growing its microfinance book. AUM of ₹15,000 Cr by FY25

Build an incremental 10%-15% secured portfolio from other businesses

Well defined strategy of new customer acquisition to deliver AuM Growth

New Customer Acquisition Strategy

- Focus to be on customer acquisition both through organic business operations and through BC / Co-lending model
- Source customers from deep rural and semi-urban locations where the reach of formal financing channels is relatively weak
- Build a ~10% secured book which includes products like affordable housing, LAP, Gold loans, Tractor loans, Two-wheeler loans etc.,
- Meet funding requirements of Nano enterprises including through Working capital loans, LAP etc.,

Existing Customer Engagement

- Spandana will explore possibility to graduate existing microfinance customers to higher ticket individual loan products
- Product suite to be refined to ensure that Spandana meets the life cycle requirements of all our customers, including secured products
- Look for cross-sell opportunities through partnerships that are a win-win-win for Customer, Partner and Spandana
- Develop fin-tech partnerships that enable Spandana to provide investment avenues to its long term customers
- Build partnership with a banking organization that will help Spandana mobilize low cost deposits for its banking partners

Steering Progress through Technology

Current State

Overall System Architecture

- ✓ Web & mobile based technologies with Anytime + Anywhere access
- ✓ Compliance to all Regulatory requirements
- ✓ Comprehensive audit trail with robust maker-checker systems
- ✓ Tightly integrated system from Loan Origination to General Ledger
- ✓ Cloud based scalable infrastructure

Loan Origination System

- ✓ Implemented FIMO – Disbursement started from Q4
- ✓ Flexible workflow management and seamless integration with Credit Bureaus (CIBIL, HiMark, Equifax);
- ✓ Implemented business process with CGT (Compulsory Group Training) and GRT (Group Recognition Test); Streamlined process for KYC document uploads
- ✓ Fully automated sanction process with tight workflow from CB investigation and document printing to sanction

Loan Management System

- ✓ Regular advance and overdue collections; Enabled all required MIS
- ✓ Provisions for Claims settlement, Write-offs and other nuances already built into the system; Configurable product schemes and fee structures
- ✓ MIS reports on portfolio with drill down facilities enabled; Configurable Chart of Accounts with no requirement for a dedicated ERP

HRMS

- ✓ Implementing HRMS to streamline and automate all payroll processes
- ✓ Attendance and leave management processes to be standardized and conducted completely via the system
